Narcotics Anonymous**Meeting Directory For****The San Fernando Valley****Updated July 2010**

**Prepared by the Public Information Subcommittee/
Includes all meetings in the San Fernando Valley and
West End Areas of Narcotics Anonymous**

***Narcotics Anonymous:
A Resource in Your Community***

NA's primary approach to recovery is its belief in the therapeutic value of one addict helping another. Members take part in NA meetings by talking about their experiences and recovery from drug addiction. NA meetings are informally structured, held in space rented by the group, and are led by members who take turns opening and closing the meeting. NA meetings and other services are funded entirely from donations by addict members and the sale of recovery literature. Financial contributions from non-members are not accepted.

Most NA meetings are held regularly at the same time and place each week, usually in a public facility. There are two basic types of meetings, those which are open to the general public and those closed to the public (for addicts only). Meetings vary widely in format. Some formats are: participation, speaker, question and answer, topic discussion, and some have a combination of these formats. The function of any meeting is always the same: to provide a suitable and reliable environment for personal recovery.
