

REGIONAL DELEGATE REPORT

- Issue Discussion Topics (IDTs) are subjects that encourage us to think more deeply about relevant topics and help build unity within our groups and service bodies. The IDTs for this cycle are Carrying the NA Message and Making NA Attractive, Attracting Members to Service, and Drug Replacement Therapy (DRT) and Medically Assisted Treatment (MAT) as it relates to NA. Workshop material including Session outlines, PowerPoints, and handouts have been posted at www.na.org/IDT. That page also has a section with general discussion/workshop tools. NAWS has tuned up the workshop materials after some early feedback from members. Visit www.na.org/IDT to download tightened-up session profiles and PowerPoints, and please consider planning a workshop with your local service body. Please send the workshop input to worldboard@na.org. Thanks in advance for your feedback and service!
