*“When at the end of the road we find that we can no longer function as a human being, either with or without drugs, we all face the same dilemma. What is there left to do? There seems to be this alternative: Either go on as best we can to the bitter ends – jails, institutions or death – or find a new way to live. In years gone by, very few addicts ever had this last choice. Those who are addicted today are more fortunate. For the first time in man’s entire history, a simple way has been proving itself in the lives of many addicts. It is available to us all. This is a simple spiritual – not religious program, known as Narcotics Anonymous®.”*

### ***Narcotics Anonymous:***

#### ***A Resource in Your Community***

NA's primary approach to recovery is its belief in the therapeutic value of one addict helping another. Members take part in NA meetings by talking about their experiences and recovery from drug addiction. NA meetings are informally structured, held in space rented by the group, and are led by members who take turns opening and closing the meeting. NA meetings and other services are funded entirely from donations by addict members and the sale of recovery literature. Financial contributions from non-members are not accepted.

Most NA meetings are held regularly at the same time and place each week, usually in a public facility. There are two basic types of meetings, those which are open to the general public and those closed to the public (for addicts only). Meetings vary widely in format. Some formats are: participation, speaker, question and answer, topic discussion, and some have a combination of these formats. The function of any meeting is always the same: to provide a suitable and reliable environment for personal recovery.
