*"When at the end of the road we find that we can no longer  
function as a human being, either with or without drugs, we  
all face the same dilemma. What is there left to do? There  
seems to be this alternative: Either go on as best we can to  
the bitter ends – jails, institutions or death – or find a new  
way to live. In years gone by, very few addicts ever had this  
last choice. Those who are addicted today are more  
fortunate. For the first time in man's entire history, a simple  
way has been proving itself in the lives of many addicts. It  
is available to us all. This is a simple spiritual – not religious  
program, known as Narcotics Anonymous."*

**A Resource in Your Community**

NA's primary approach to recovery is its belief in the  
therapeutic value of one addict helping another. Members  
take part in NA meetings by talking about their experiences  
and recovery from drug addiction. NA meetings are  
informally structured, held in space rented by the group,  
and are led by members who take turns opening and  
closing the meeting. NA meetings and other services are  
funded entirely from donations by addict members and the  
sale of recovery literature. Financial contributions from non-  
members are not accepted.

Most NA meetings are held regularly at the same time  
and place each week, usually in a public facility. There are  
two basic types of meetings, those which are open to the  
general public and those closed to the public (for addicts  
only). Meetings vary widely in format. Some formats are:  
participation, speaker, question and answer, topic  
discussion, and some have a combination of these formats.  
The function of any meeting is always the same: to provide  
a suitable and reliable environment for personal recovery.
